

*Sure
change it every 3,000 miles
if that helps
you sleep at night.*

WIX oil filters last 35% longer than the leading brand.* That means 3,000 miles is a breeze. And compared to the 7,000 RPMs we do every Sunday on the track, keeping your car's engine clean is a proverbial walk in the park. To find out more about the toughest filter in the business, get clicking over to wixfilters.com. **WIX. The #1 filter in NASCAR.**

*Based on SAE test HS-806 of street-application filters.
