

Anybody want to
do 500 more?

500 miles at 7,000 RPMs is no sweat for the toughest filter in the business. And with all the support the WIX family of filters get with NASCAR and a national advertising campaign, selling them should be no sweat either. So maybe the question should be "Anybody want to sell 500 more?" To find out how we can jack-up your sales, go to wixfilters.com.
